

ANNUAL STUDENT CONDUCT REPORT

August 2018 – July 2019

Core Values of Student Conduct at Wilkes Community College

- Integrity: Students are expected to exemplify honesty, honor and a respect for the truth in all of their dealings.
- Community: Students are expected to build and enhance their community. They should use available campus resources to resolve differences and conflicts peacefully.
- Social Justice: Students are expected to be just and equitable in their treatment of all members of the community and act to discourage and/or intervene to prevent unjust and inequitable behaviors.
- Respect: Students are expected to show positive regard for each other, for property and for the community.
- Responsibility: Students are expected to follow all college policies and take ownership of individual choices and any subsequent consequences.

Mission Statement

The purpose of the student conduct process at Wilkes Community College is to protect the interests of the community and to address those whose behavior is not in accordance with college policies. Sanctions are intended to challenge students' moral and ethical decision-making and to help them bring their behavior into accord with community expectations. When a student is unable to conform their behavior to community expectations, the student conduct process may determine that the student should no longer share in the privilege of participating in this community.

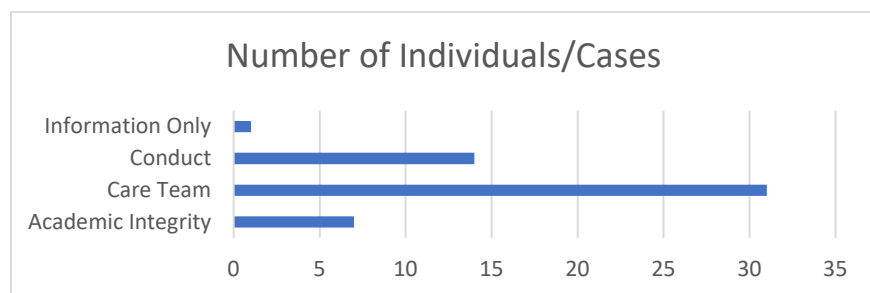

Students should be aware that the student conduct process is different from criminal and civil court proceedings. Procedures and rights in student conduct procedures are conducted with fairness to all, but do not include the same protections of due process afforded by the courts. Due process, as defined within these procedures, assures written notice and a hearing before an objective decision-maker. No student will be found in violation of college policy without information showing that it is more likely than not that a policy violation occurred and any sanctions will be proportionate to the severity of the violation and to the cumulative conduct history of the student.

Classification of Case Types:

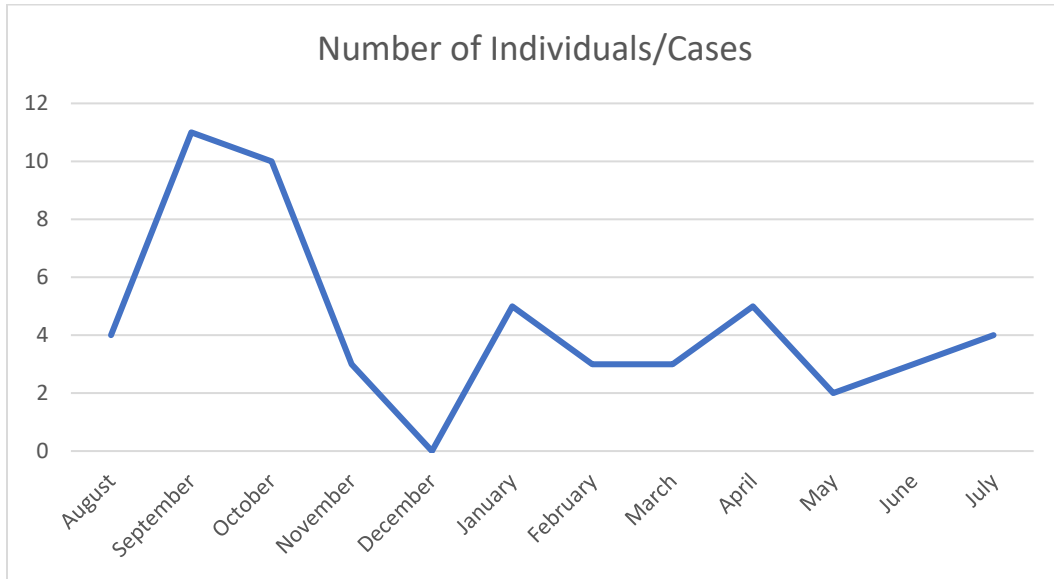

- **Academic Integrity:** Any case that involved some form of academic dishonesty (cheating, fabrication and falsification, plagiarism, abuse of academic materials, or complicity in academic dishonesty). See pages 3-4 of the Code of Student Conduct for additional details.
- **Care Team:** Any case that involved a report concerning a student who was in distress and/or whose behavior was of concern to others. The behaviors reported may or may not have involved a violation of college policies/rules. Note: The goal of the Care Team is to provide support to students before situations rise to crisis levels. During the 2017-2018 school year, the WCC Care Team was officially organized in preparation for implementation at the beginning of the 2018-19 school year. Go to www.wilkescc.edu/care for more details.
- **Conduct:** Any case that involved a violation of the rules of conduct, excluding academic integrity/dishonesty cases. See pages 3 – 8 of the Code of Student Conduct for additional details.
- **Information Only:** Any case that involved a first time, low level offense that resulted in a verbal warning/policy reminder being provided to a student regarding the rule(s) of conduct that were violated. Verbal warnings are not added to a student’s official conduct record.

Overview of Cases

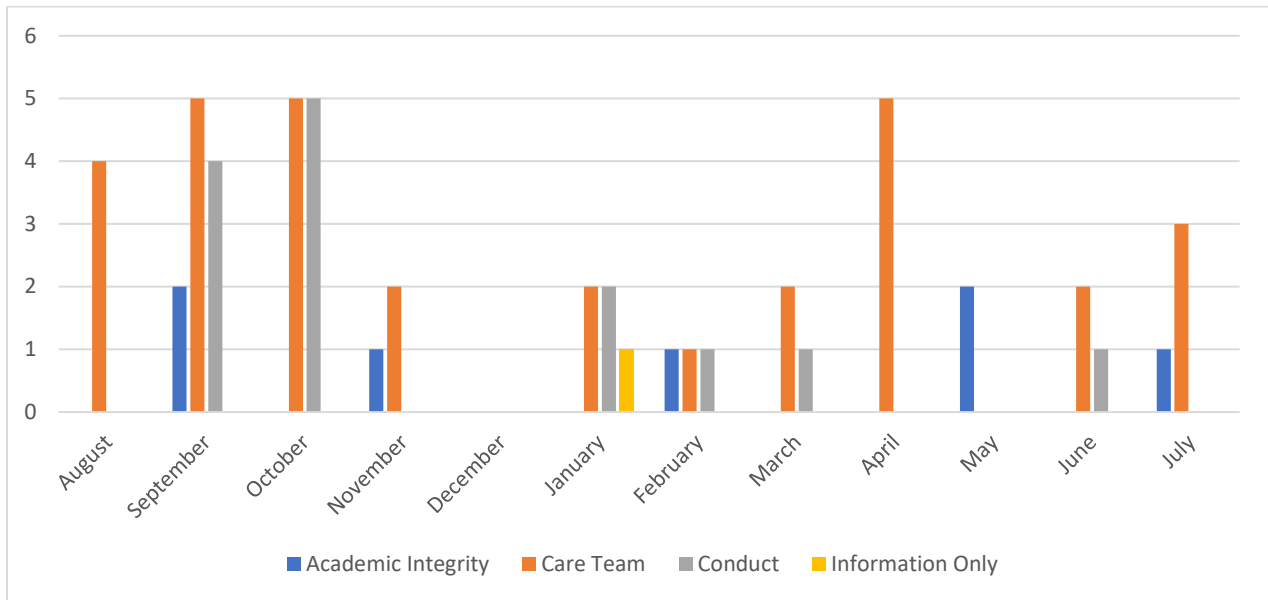

Case Type *See Case Type descriptions at top of page.	Number of Cases by Type
